

In Control

Merry Christmas and Happy New Year from Automation Associates.

From all the team at Automation Associates we would like to wish you the very best for the festive season and thank you for your ongoing business with us.

And just in case you're stuck for Christmas gift ideas - here's a very special Christmas offer on a fantastic gift for any iPod owner!

With this iPod docking station your friend or loved one will be able to simply and easily link their iPod to any audio visual system and listen to their music, watch their videos and view their photos on any sound system or TV they like!

The desk or wall mountable docking station comes with a remote control and generates its own on-screen TV display for easy navigation. It also charges the iPod as it plays!

Usually \$399 including GST, the IS201 is now available for the very special Christmas price of just \$350 including GST.

The techy details: The dock includes an array of connections including stereo phono, S-Video (for an on-screen TV display of your tunes) and RC-5, as well as one for an external power supply which is included in the package. It has an IR flasher input and output meaning it can either be controlled by, or control, an AV receiver with IR flasher capabilities. It's also controllable from a PC via an RS232 connection and is compatible with iPod nano, iPod video, iPod mini, iPod photo and iPod.

For more information or to order the IS201 simply call us on 09 377 3778 or email sales@aa.net.nz Hurry, Christmas is just around the corner!

(iPod not included)
